Claims 10,11 and 15-23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 10, line 1, "further" should be deleted because the step is not in addition to those previously recited. In line 2, - - further comprising - - should be inserted before "filling" because the step is in addition to those previously recited. In claim 15, there is insufficient antecedent basis for "wafer" because plural wafers are previously recited.
